### *Questions to Ask Us:*

## What fees will I pay?

---

Fees and costs affect the value of your account over time and vary depending on certain factors and are negotiable. Please request personalized information on the fees and costs you will pay. WHC provides investment and wealth management services for an annual fee based upon a percentage of the market value of the assets being managed by the Firm. The annual fee is prorated and charged monthly and, in some cases, quarterly, in arrears or advance based upon the market value of the assets being managed by WHC on the last day of the previous month or quarter. The annual fee varies up to 1.50%, depending upon the market value of the assets under management and scope and complexity of work to be provided. Financial Planning may be provided on a fixed fee basis at a range between \$500 and \$20,000, depending on complexity. Our incentive is to increase the value of your account over time, which will increase our fees over time.

The custodian (Charles Schwab) that holds your assets can charge you a transaction fee when we buy or sell an investment for you. These transaction fees are in addition to our advisory fee. You could also pay fees charged by the custodian for certain investments and maintaining your account. Some investments, such as mutual funds and exchange traded funds charge additional fees that will reduce the value of your investments over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Please refer to Item 5 of our Form ADV Part 2A for further information.

*Question to Ask Us:*

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

## What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

---

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here is an example to help you understand what this means.

WHC's revenue is from the advisory fees we collect from our clients' accounts each quarter. We have an incentive to increase the amount of investments we manage which could bias our advice towards investing more rather than paying off debt or recommending you not have investments that we do not manage.

*Question to Ask Us:*

- *How might your conflicts of interest affect me, and how will you address them?*
